Version 10.06: Fixes and improvements

1. Updated the version number to 10.06
2. Added the 'Cursor' option to the main window drop down list. To select this option click on the icon at the top left of the window title bar. In the pop up window choose your desired cursor style, click Save and then click Exit.
3. Fixed a work file creation issue in Debtors' Journal Entry which could cause an error-12, file missing message.
